DETAILED ACTION

Response to Amendment

1. The amendment filed on 02/10/2009 fails to comply with 37 CFR 1.173 (specifically the remarks section II), which requires that each amendment submission must set forth the status of all patent claims and of all added claims (i.e., “pending” or “canceled”) as of the date of the amendment. The status of claims 20, 21, 63, and 73-74 have not been set forth.
2. The amendment filed 04/23/2008 fails to comply with 37 CFR 1.173, which requires that that each amendatory change, when first submitted, must be accompanied by an explanation of the support in the disclosure of the patent for the change (along with any additional comments) on page(s) separate from the page(s) containing the amendment. Specifically support for claims 80 and 81, first submitted in the amendment filed on 04/23/2008, have not been set forth.
3. The amendment filed on 09/03/2008 fails to comply with 37 CFR 1.173 (specifically the remarks section II), which requires that each amendatory change, when first submitted, must be accompanied by an explanation of the support in the disclosure of the patent for the change (along with any additional comments) on page(s) separate from the page(s) containing the amendment.

Reissue Applications

4. The reissue declaration filed with this application is defective because it fails to contain the statement required under 37 CFR 1.175(a)(1) as to applicant's belief that the original patent is wholly or partly inoperative or invalid. See 37 CFR 1.175(a)(1) and see MPEP § 1414.

5. The reissue declaration filed with this application is defective (see 37 CFR 1.175 and MPEP § 1414) because of the following: the reissue declaration filed with this application fails to contain a statement for any new claim, that is purported to be part of the error, which points out the differences from the original claims.

6. Claims 1-19, 22-62, 64-72, and 75-81 are rejected as being based upon a defective reissue oath under 35 U.S.C. 251 as set forth above. See 37 CFR 1.175.

The nature of the defect(s) in the declaration is set forth in the discussion above in this Office action.
